The members are requested to provide details such as Name, Folio Number, Certificate Number, PAN, e-mail id along with the copy cheque leaf with the first name shareholder imprinted on the face of cheque leaf containing bank name and branch, type of account, bank account number, MICR details and IFSC code in PDF or JPEG format. Link Intime will verify the documents uploaded and only take on records for all valid cases.

- 16) Members whose email address are not registered can register the same in the following manner
 - a. Members holding share(s) in physical mode can register their e-mail ID on the Link Intime India Private Limited, (RTA) at https://linkintime.co.in/EmailReg/Email_Register.html by providing the requisite details of their holdings and documents for registering their e-mail address; and
 - b. Members holding share(s) in electronic mode are requested to register/update their e-mail address with their respective Depository Participants "DPs" for receiving all communications from the Company electronically.
- 17) The Register of Members and Share Transfer Book of the Company will remain closed from Saturday, 19th September, 2020 to Saturday, 26th September, 2020 (both days inclusive) for annual closing and determining the entitlement of the Members to the dividend for the Financial Year 2019-20 and for the purpose of Annual General Meeting.
- 18) A dividend of Rs. 01.00/- (Rs. One) only per share has been recommended by the Board of Directors for the year ended 31st March 2020, subject to the approval of the Members at the ensuing Annual General Meeting, is proposed to be paid from 01st October or thereafter within 30 days from the date of declaration by electronic mode to those shareholders holding shares in electronic form/demat and having registered relevant bank details. In respect of those shareholders holding shares in physical form or in case of electronic payment rejected, the company will dispatch dividend warrants/cheques to such shareholders at earliest.
- 19) The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore requested to submit the PAN to their Depository Participants with whom they are maintaining their Demat accounts. Members holding shares in physical form can submit their PAN details to the Company or Registrar & Transfer Agent.

- 20) Those members who have so far not en-cashed their dividend warrants may claim or approach the Company for the payment thereof as the same will be transferred to the Investors' Education and Protection Fund (IEPF) of the Central Government, pursuant to Section 125 of the Companies Act, 2013.
- 21) Shareholders may note that the Income Tax Act, 1961, ("the IT Act") as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a company after April 01, 2020 shall be taxable in the hands of shareholders. The Company shall therefore be required to deduct tax at source ("TDS") at the time of making the payment of final dividend. In order to enable us to determine the appropriate TDS rate as applicable, shareholders are requested to submit the following documents in accordance with the provisions of the IT Act.

For resident shareholders, taxes shall be deducted at source under Section 194 of the IT Act as follows:

Shareholders having valid PAN	7.5% or as notified by the Government of India
Shareholders not having PAN / valid PAN	20% or as notified by the Government of India

However, no tax shall be deducted on the dividend payable to a resident individual if the total dividend to be received by them during Financial Year 2020-21 does not exceed 5,000 and also in cases where shareholders provide Form 15G/Form 15H (applicable to individuals aged 60 years or more) subject to conditions specified in the IT Act. Registered shareholders may also submit any other document as prescribed under the IT Act to claim a lower/Nil withholding tax. PAN is mandatory for shareholders providing Form 15G/Form 15H or any other document as mentioned above.

For non-resident shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. The withholding tax shall be at the rate of 20% (plus applicable surcharge and cess) or as notified by the Government of India on the amount of dividend payable. However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement ("DTAA") between India and the country of tax residence of the member, if they are more beneficial to them. For this purpose, i.e. to avail the benefits under the DTAA, non-resident shareholders will have to provide the following:

- Copy of the PAN card allotted by the Indian Income Tax authorities duly attested by the member,
- Copy of Tax Residency Certificate ("TRC") for the FY 2020-21 obtained from the revenue authorities of the country of tax residence,
- Duly attested by member Self-declaration in Form 10F
- Self-declaration by the shareholder of having no permanent establishment in India in accordance with the applicable tax treaty and Self-declaration of beneficial ownership by the non-resident shareholder,
- Any other documents as prescribed under the IT Act for lower withholding of taxes if applicable, duly attested by member

In case of Foreign Institutional Investors/Foreign Portfolio Investors, tax will be deducted under Section 196D of the IT Act @ 20% (plus applicable surcharge and cess).

The aforementioned documents are required to be emailed to our RTA, Link Intime India Private Limited by quoting your Folio number/DP id/Client id, number of shares and PAN details at its email address ahmedabad@linkintime.co.in on or before 10th September, 2020 6:00 PM IST in order to enable the Company to determine and deduct appropriate TDS/ withholding tax. No communication regarding the tax withholding matters would be entertained after 10th September, 2020 6:00 PM IST. The Company shall arrange to email a soft copy of the TDS certificate to you at your registered email address in due course.

Shareholders are requested to address all correspondence, including dividend related matters, to the RTA, ahmedabad@linkintime.co.in, Link Intime India Private Limited, 5th Floor, 506 to 508, Amarnath Business Centre-1, (ABC-1), Beside Gala Business Centre, Nr. St. Xavier's College Corner, Off C G Road, Navrangpura, Ahmedabad-380006.

Shareholders may note that in case the tax on the said final dividend is deducted at a higher rate in absence of receipt or insufficiency of the aforementioned details/documents from you, an option is available to you to file the return of income as per Income tax Act 1961 and claim appropriate refund, if eligible.

Disclaimer: This Communication is not to be treated as a tax advice from the Company or its affiliates or Link Intime India Private Limited. Shareholders should obtain the tax advice related to their tax matters from a tax professional.

22) Voting through electronic means:

In compliance with the provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies [Management and Administration] Rules, 2014, the Company is providing e-voting facility as which will enable the members to cast their votes electronically. Necessary arrangements have been made by the Company with Central Depository Services [India] Limited (CDSL) to facilitate e-voting.

THE STATEMENT SETTING OUT THE MATERIAL FACTS CONCERNING EACH ITEM OF SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO. 4.

Mrs. Mrudulaben Patel was appointed as an Independent Non Executive Director of the Company by the members at the 22nd Annual General Meeting of the Company held on 26th September, 2015 for a period of five consecutive years commencing from 26th September, 2015. As per Section 149(10) of the Act, an Independent Director shall hold office for a term of upto five consecutive years on the Board of a Company, but shall be eligible for re-appointment on passing a special resolution by the Company for another term of upto five consecutive years on the Board of a Company. Based on recommendation of Nomination and Remuneration Committee and in terms of the provisions of Sections 149, 150, 152 read with Schedule IV and any other applicable provisions of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Mrs. Mrudulaben Patel, being eligible for re-appointment as an Independent Director and offering herself for re-appointment, is proposed to be re-appointed as Independent Director for second term of five consecutive years from 26th September, 2020.

The Company has received declaration from the appointee stating that she meets the criteria of Independence as prescribed under sub-section (6) of Section 149 of the Companies Act, 2013 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. She has also given consent to continue to act as Director and also as independent director of the Company, if so appointed by the members.

In the opinion of the Board, Mrs. Mrudulaben Patel, fulfils the conditions specified under Section 149 (6) of the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for re-appointment as Independent Non-Executive Director of the Company and independent of the management.

The Board considers that her continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mrs. Mrudulaben Patel, as an Independent Director.

Accordingly, the Board recommends, for the approval by the shareholders of the Company, passing of the Special Resolution in relation to re-appointment of Mrs. Mrudulaben Patel, as Independent Director for another term of five consecutive years with effect from 26th September, 2020.

Except Mrs. Mrudulaben Patel, being appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item No. 4 of the accompanying Notice of the AGM.

COVID-19

In the last month of FY 2020, the COVID-19 pandemic developed rapidly into a global crisis, forcing governments to enforce lock-downs of all economic activity. For the Company, the focus immediately shifted to ensuring the health and well-being of all employees, and on minimizing disruption to services for all our customers.

In the terms of the COVID-19 Regulatory package of the RBI, vide guidelines dated 27th March, 2020, 17th April, 2020 and 23rd May, 2020, and in accordance with the Scheme approved by the Company's Board of Directors (the "Board"), the Company has offered to all eligible borrowers, moratorium of six months on the payment of all loans instalments falling due between 01st March, 2020 and 31st August, 2020. In this connection, having regard to the guidance provided by the RBI and the Institute of Chartered Accountants of India, extension of such moratorium benefit to borrowers as per the COVID-19 Regulatory Package of the RBI by itself is not considered to result in significant increase in credit risk as per Ind AS 109. Further, estimates and associated assumptions applied in preparing the financial statements, especially in respect of expected credit loss on loans, are based on historical experience and other emerging/forward looking factors including those arising on account of the COVID-19 pandemic.

The Company, inter alia, has used relevant indicators of moratorium along with an estimation of potential stress on probability of defaults and loss given defaults due to COVID-19 situation in developing the

estimates and assumptions to assess the expected credit loss on loans, including on account of potential macro-economic conditions and has incrementally provided for an expected credit loss of Rs. 88.65 lakh for the year ended 31st March, 2020. However, considering the inherent uncertainty regarding the severity and duration of the pandemic and the resultant economic impact, the Company's actual impairment loss could be different from these estimates.

The extent to which the COVID-19 pandemic will impact the Company's results will depend on future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID-19 pandemic and any action to contain its spread or mitigate its impact whether government-mandated or elected by the Company. Given the uncertainty over the potential macroeconomic condition, the impact of COVID-19 pandemic may be different from that estimated as at the date of approval of these financial results and the Company will continue to closely monitor any material changes to future economic conditions.

DIVIDEND

The Board is pleased to recommend dividend @ 10% (Rs. 1.00 per share) per equity share of the face value of Rs. 10 each/- for the financial year ended 31st March, 2020, on the paid up Equity Share Capital of the Company. The dividend, if approved by the members, will be paid to members eligible as on the record date, within the period stipulated by the Companies Act, 2013.

If declared, the total amount outflow on account of dividend will be Rs. 34.50/- Lakhs subject to deduction of TDS as applicable.

UNCLAIMED DIVIDEND AND TRANSFER OF SHARES TO IEPF

The total unclaimed dividend as on 31st March, 2020 was Rs.21.84 Lakhs of which the unpaid/unclaimed dividend of Rs. 2.33 Lakhs for the financial year 2011-12 has been transferred to the Investor Education and Protection Fund during the year under report.

Pursuant to the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, 24462 equity shares have been transferred to Investor Education and Protection Fund during the year. The Company has duly complied with relevant applicable provisions of Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016. The details of the unpaid and unclaimed dividend is uploaded at company and IEPF Website (www.iepf.gov.in). The Board has appointed Company Secretary and Compliance Officer as Nodal Officer to coordinate with IEPF authority and the Contact details of the same are available at company's website.

COMPANY'S AFFAIRS AND FUTURE OUTLOOK

REPORTING OF FRAUDS

There have been no instances of fraud reported by the statutory auditors under section 143(12) of the Act and rules framed thereunder either to the Company or to the central government.

MATERIAL CHANGES AND COMMITMENTS

No material changes and commitments have occurred after the close of the financial year 31st March, 2020 till the date of this report, which affect or is likely to affect the financial position of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS**BUSINESS OUTLOOK AND OPPORTUNITY**

The financial year 2019-20 began with the Lok Sabha elections in April - May and the newly formed government took a strong stance on economic development, with the aspiration to reach a \$5 trillion economy by 2024. The Economic Survey published in July 2019 with the theme of wealth creation, pro-business policies and corporate tax rate cuts of September 2019 were in line with the aspirations. At the end of August 2019, the ministry of finance announced that 10 Public Sector Banks were to be merged into 4. Meanwhile, RBI systematically reduced the repo policy rates over the course of the year, from 6.25% at the end of FY 19 to 4.40% at the end of FY 20.

Despite these interventions, FY 20 showed a slowdown in growth from the previous year. Implied real GDP growth was estimated at 5%, down from FY 19 figure of 6.1%. 2019-20 was also negative for the automobile industry, with sales down in passenger vehicle by 16%, commercial vehicles by 29% and two wheelers by 18%. Similarly, Global economic activity was also consistently slow paced and followed a downward trajectory: year over year real GDP growth was recorded at 2.9% as of Q3 2019 compared to 3.6% in the previous year.

The Indian automotive industry was in a slowdown well before the COVID-19 pandemic began wreaking havoc. Thus, the only significant effect of the pandemic on the overall annual sales figures here is in the month of March, where sales did drop even lower. While the two-wheeler sector saw a huge 39.83 percent drop in sales for March 2020 alone, the overall FY2020 sales figures are 17.7 percent lower than FY2019. As per figures released by industry body Society of Indian Automobile Manufacturers (SIAM), cumulative two-wheeler sales in FY2020 stood at 17.41 million units - the lowest in four years.

The outbreak of the COVID-19 pandemic in January, 2020 brought the global economy to almost a standstill, with a high possibility of slipping into a recession. Several industries starting with travel, tourism and hospitality were immediately hit, with manufacturing and services following soon afterwards. Crude oil prices plummeted, and from January, 2020 panic sell-off resulted in wealth destruction in equity markets across advanced and emerging economies alike.

In India, the government announced a nationwide lockdown from March 24, 2020 in an effort to contain the spread of the disease, which led to unprecedented economic shock. The lockdown has resulted in a liquidity crunch, followed by a labor shortage. RBI announced three months moratorium for loans and extended it by another three months from March 2020 till August 2020 to alleviate some of the financial burden on the public.

Outlook for the current financial year continues to remain uncertain, with the COVID-19 situation evolving each day. Apart from agriculture and related activities, most other sectors of the economy have been adversely impacted by the pandemic and are expected to show de-growth. India's GDP growth for FY 21 is now projected to reduce significantly as compared to pre-COVID projections of around 5%. If COVID-19

is prolonged and supply chain disruptions get accentuated, the global slowdown could deepen, with adverse implications for India. The fall of international crude prices could, however, provide some relief in the form of trade gains. In addition, the government and RBI have been taking steps to mitigate the economic impact of the pandemic through stimulus packages, cuts to repo and reverse repo rates, liquidity infusion through Targeted Long Term Repo Operations (TLTROs), and loosened the liquidity criteria for banks and NBFCs.

The company's significant share of revenue comes from two wheeler finance in rural area. The thrust on rural and infrastructure sectors by the government could rejuvenate rural demand and also crowd in private investment. We continue to focus on Two wheeler and Second-hand Four Wheeler Vehicle financing and we adopt such business models which generates required return on assets and the quality portfolio.

Our mission is to be sound NBFC among regional players in terms of product offerings, technology, service levels, risk management and audit and compliance etc. The objective is to continue building sound customer / franchises across distinct businesses so as to be a preferred provider of NBFC services for its target retail and customer segments, and to achieve a healthy growth in profitability, consistent with the Company's risk appetite.

The Company's range of retail financial products and excellent services and branches net work is fairly exhaustive to meet up the coming challenges. The objective is continue to build sound customer/dealer friendly atmosphere to achieve healthy growth in profitability, consistent with Company's risk appetite. The Company also emphasizes to develop innovative products and services that attract its Customers, Increase its market share as NBFC and financial services industry by following a disciplined growth strategy focusing on balancing quality and volume growth while delivering high quality customer service, maintain reasonably good standards for asset quality through disciplined credit risk management; and continue to develop products and services that reduce its cost of funds; and Focus on healthy earnings growth with low volatility. Our Company growth is more important especially looking to the concentration in rural area for the business. The Company grew its retail assets portfolio in a well-balanced manner focusing on both returns as well as risk. Company intends to follow conservative view in the coming years. Company also expects continuous threats to small/medium Company like us, from global/giant players in the retail finance market especially with large size/volume, lower rate of interest and ability to sustain in the market is inevitable for the Company to sustain in the market. Overall, in spite of various pros and cons your Company has demonstrated outstanding achievement in terms of earned valued and well-built market presence. Your Company is cash rich, has better liquidity, improved working capital and it has shown its readiness to accept market challenges. All of these are signs of strong fundamentals which the Company has been able to establish with the help of better and professional management support. The main growth drivers for the company is Unique value proposition, Regional outreach, Deep understanding of the customer segment, Customised product offerings, Availability of capital, Leveraging technology, Co-lending arrangements and Risk management.

RISK MANAGEMENT / SWOT ANALYSIS

In its pursuit of creating value for stakeholders through sustainable business growth Company has put in place a robust risk management framework to promote a proactive approach in reporting, evaluating and resolving risks associated with the business. Given the nature of the business the company is engaged in, the risk framework recognizes that there is uncertainty in creating and sustaining such value as well as in identifying opportunities. Risk management is therefore made an integral part of the company's operations

The RBI has been tightening regulations to manage the risk in the sector and has been proposing higher capital and provisioning requirements. It has also been stressing on higher disclosures to safeguard public money and prevent systemic shocks. In addition, the RBI has taken rapid preventive actions in addressing specific issues to manage systemic risk. It is expected that RBI will continue to monitor the activity and performance of the NBFC sector with a focus on major entities and their inter-linkages with other sectors to maintain financial stability in the short, medium and long-term.

Your Company has comprehensive Risk Management System towards identification and evaluation of all

potential business risks. Management has developed Risk Management Plan and reviews its implementation regularly. The Company is exposed to external and internal risk associated with its business. To counter these risks, the Company continues to broaden its product portfolio, increase customer profile and geographic reach. Taking on various types of risk is integral to the NBFC business. Sound risk management and balancing risk reward trade-offs are critical to a Company's success. Business and revenue growth have therefore to be weighed in the context of the risks implicit in the Company's business strategy. Of the various types of risks your Company is exposed to, the most important are credit risk, credit concentration risk, market risk, business risk, strategic risk, interest rate risk, model risk, technology risk including liquidity risk price risk and operational risk. The identification, measurement, monitoring and management of risks accordingly remain a key focus area for the Company. For credit risk, appropriate distinct policies and processes are in place for the retail businesses. Overall portfolio diversification and reviews also facilitate mitigation and management. Especially a small capital based Company faces multiple problems due to poor recovery systems. The specific NPA provisions that the Company has made continue to be more conservative than the regulatory requirements. This will help the Company to maintain high standards for assets quality through disciplined credit risk management. The Company has strength as being the pioneer in the two wheeler vehicles financing sector in Gujarat/Maharashtra, Oldest NBFC since last 25 years, sound financial position since inception, a well-defined and scalable organisation structure, strong financial track record with low Non Performing Assets (NPAs), Experienced and stable management team, strong relationships with public, private as well as banks, fast Procedure. However your Company is facing the threat of, small organisation structure, availability of cheaper fund, competition with large NBFC's/ Banks, direct manufacturer involvement in finance business and rain fall affecting rural area. Regulatory restrictions - continuously evolving Government regulations and uncertain economic and political environment may impact operations.

The NBFC sector continued to experience liquidity problems in the financial year 2019-20 with the spreads over the G-Sec also continuing to widen for the sector. The risk-appetite further weakened in the third quarter of FY 2020 due to uncertainties caused by CoronaVirus (COVID-19). This led to funding primarily being available to companies having strong parentage, brand and business model, robust corporate governance and conservative ALM. Your Company continued to focus on managing cash efficiently and ensured that it had adequate levels of liquidity apart from back-up lines of credit to support business requirement and near term liability maturity.

Further, Capital Adequacy Ratio (capital as a % of total advances) is quite comfortable at around 61.29%, Well above regulatory minimum of 15%.

FINANCIAL PERFORMANCE

As on 31st March, 2020, against hypothecation of loan stock of Rs. 6897.92 Lakhs (previous year Rs. 5881.52 Lakhs). The company has made Rs. 96.94 Lakhs provision towards expected credit loss, out of which Rs. 88.65 Lakhs is additional COVID-19 provision as per RBI guidelines.

INTERNAL AUDIT AND COMPLIANCE

The Company has appointed M/s. Vipinchandra C. Shah & Co., Chartered Accountants as internal auditors of the Company, who regularly carries out the internal audit of the Company. All audit reports are regularly placed before the audit committee at committees' meetings which are also attended by internal auditor. After providing due explanations, the Company adopts the final suggestions and necessary effects are given in accounting process and system of the Company.

RESOURCE MOBILATION/ICRA RATING

Cost of funds for retail-focused NBFCs, which remained high at 12%-14%, is likely to increase during the year. As mentioned earlier, Company is in constant search to avail cheaper fund to reduce our cost of funds. The cash credit limit of the Company has remained at Rs. 1500.00 Lakhs with the Banks.

The Company has discontinued accepting or renewing fresh deposits, therefore there no outstanding fixed deposit as on date. Inter Corporate Deposit increased to Rs. 1500.00 Lakhs in the current year from Rs. 1175.00 Lakhs in previous year.

The Company has obtained CARE rating for Rs. 1500.00 Lakhs Cash Credit Limits from Bank. There is no change in CARE rating compare to last year (BBB-(Stable)).

CAPITAL ADEQUACY

Your Company's Capital Adequacy Ratio (CAR) stood at 61.29% well above the regulatory minimum of 15%. The revised Guidelines issued by R.B.I for recognition of Income, asset classification, Investment accounting, provision for non-performing assets and capital adequacy have been followed by your Company. The Company has also made the provision for non-performing assets in case of Sub-standard, doubtful and loss assets as per R.B.I. guidelines.

CAPITAL STRUCTURE

There has been no change in the authorised, issued, subscribed and paid-up share capital of the Company during the year under review.

PUBLIC DEPOSITS

The Company has not accepted any deposits from the public within the meaning of provision of Non-Banking Financial Companies acceptance of public deposits (reserve banks) direction, 1998.

As reported earlier, the Company has discontinued to accept or renew fresh/existing fixed deposits. At the close of the year, no amount remained unclaimed or unpaid. The Company does not have any claimed but unpaid deposits.

We have audited the accompanying Financial Statements of Ceejay Finance Limited (the "Company"), which comprise the Balance sheet as at March 31, 2020, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 (the "Act"), in the manner so required and give a true and fair view in conformity with the accounting standards prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing ('SAs'), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Emphasis of Matter

We draw attention to Note 38 of the Financial Statements, in respect of accounts overdue but standard as at February 29, 2020 where moratorium benefit has been granted, the staging of those accounts as at March 31, 2020 is based on the days past due status as on February 29, 2020, in accordance with Reserve Bank of India COVID-19 Regulatory Package. Further, the extent to which the COVID-19 pandemic will impact the Company's financial performance is dependent on future developments, which are highly uncertain.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements for the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Financial Statements.

Key audit matters

How our audit addressed the Key Audit Matter

Transition to IND AS accounting Framework

The Company has adopted Ind-AS from 1st April, 2019 with effective transition date of 1st April, 2018 pursuant to MCA notification dated 31st March, 2016 and financial statements has been prepared in accordance with Division III of Schedule III of Companies Act 2013 notified by MCA on 11th October, 2018. The financial statements up to year ended 31st March, 2018 were prepared in accordance with the erstwhile accounting standards notified under the Act read with Rule 7 of Companies (Accounts) Rules, 2014 (as amended) and other generally accepted accounting principles in India.

The transition has involved significant change in Company's policies and processes for financial reporting, including generation of supportable information and applying estimates to inter alia determine impact of Ind AS on accounting and disclosure requirements prescribed under extant Reserve Bank of India (RBI) directions.

In view of the complexity involved in Ind AS transition and preparation of financial statements subsequent to the transition date have been areas of key focus in our audit.

[Refer Note No. 2.18]

Our Audit Procedure included:

- Read the IND AS impact assessment performed by the management and the resultant changes made to the accounting policies considering the requirement of the new framework.
- Evaluated the exemptions and exceptions allowed by IND AS and applied by the management in applying the first-time adoption principles of IND AS 101 in respect of fair valuation of assets and liabilities existing as at the transition date.
- Tested the accounting adjustments posted at the transition date and in respect of the previous year to convert the financial information reported under erstwhile Indian GAAP to Ind AS.

Tested the disclosures prescribed under Ind AS.

Impairment of Financial Assets (expected credit losses)

Ind AS 109 requires the Company to recognise impairment loss allowance towards its financial assets (designated at amortised cost and fair value through other comprehensive income) using the expected credit loss(ECL) approach.

Additional considerations on account of COVID-19 pursuant to the Reserve Bank of India circular dated 27 March 2020 ('RBI circular') allowing lending institutions to offer moratorium to borrowers on payment of instalments falling due between 1 March 2020 and 31 May 2020, the Company has extended moratorium to its borrowers in accordance with its Board approved policy.

In Management's view and considering the guidance provided by the Institute of Chartered Accountants of India, providing moratorium to borrowers at a mass scale, based on RBI directives, by itself is not considered to result in a significant increase in credit risk for such borrowers.

Given the unique nature and scale of the economic impact of this pandemic, and its timing being close to the year end, the Management overlay is based on various uncertain variables, which could result in actual credit loss being different than that being estimated. In view of the high degree of Management's judgment involved in estimation of ECL, accentuated by the COVID-19 pandemic, it is a key audit matter.

[Refer Note No. 5]

Our Audit procedures included:

- We read and assessed the Company's accounting policies for impairment of financial assets and their compliance with Ind AS 109.
- We tested the criteria for staging of loans based on their past-due status to check compliance with requirement of Ind AS 109. Tested a sample of performing (stage 1) loans to assess whether any loss indicators were present requiring them to be classified under stage 2 or 3 and vice versa.
- We evaluated the reasonableness of the Management estimates by understanding the process of ECL estimation and tested the controls around data extraction and validation
- Tested the ECL model, including assumptions and underlying computation.
- Tested assumptions used by the Management in determining the overlay for macro-economic factors (including COVID-19 pandemic).
- Audited disclosures including the specific disclosures made with regards to the impact of COVID-19 included in the financial statements in respect of expected credit losses.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditors' report thereon. The other information is expected to be made available to us after the date of this auditors' report.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditors' responsibilities relating to other Information'.

Management and Board of Directors' Responsibilities for the Standalone Financial Statements

The Management and the Board of Directors of the Company are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements for the financial year ended March 31, 2020, and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The comparative financial information of the Company for the year ended March 31, 2020 and the transition date opening balance sheet as at April 01, 2018 included in these Financial Statements, are based on the previously issued statutory financial statements prepared in accordance with the accounting principles generally accepted in India, including the Accounting standards specified under Section 133 of the Act.

Annexure B to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Ceejay Finance Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of the Company as of March 31, 2020, in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management and Board of Directors' Responsibility for Internal Financial Controls

The Management and the Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on

CEEJAY FINANCE LIMITED

the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements

1. Company Information

Ceejay Finance Ltd (Company) is a Public Limited Company domiciled in India. The company has its registered office at CJ house, Mota pore, Nadiad, Gujarat - 387001.

It is registered as Non-banking finance company under RBI Act, 1934. The company is engaged predominantly in automobile financing. The Company's shares are listed on BSE.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation of Financial Statements:

(i) Compliance with Ind-AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind-AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with [Companies (Indian Accounting Standards) Rules, 2015] as amended by the Companies (Indian Accounting Standards) Rules, 2016 and other relevant provisions of the Act.

The Company has adopted Ind-AS from 1st April, 2019 with effective transition date of 1st April, 2018 pursuant to MCA notification dated 31st March, 2016 and financial statements has been prepared in accordance with Division III of Schedule III of Companies Act 2013 notified by MCA on 11th October, 2018. The financial statements up to year ended 31st March, 2018 were prepared in accordance with the erstwhile accounting standards notified under the Act read with Rule 7 of Companies (Accounts) Rules, 2014 (as amended) and other generally accepted accounting principles in India. Accordingly, the impact of transition has been recorded in the opening reserves as on 1st April, 2018 and the corresponding adjustments pertaining to comparative previous period have been restated / reclassified in order to conform to current period presentation. Further, the Company follows the statutory requirements, circulars and guidelines issued by the Reserve Bank of India (RBI) for Non-Banking Financial Companies (NBFC), from time to time.

Refer note 2.17 and 2.18 for an explanation on the transition from erstwhile accounting standards to Ind-AS and resultant change in the Company's financial position and financial performance.

(ii) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for certain assets and liabilities which have been measured at the fair value amount:

- a) Certain financial assets and liabilities (including derivative instruments),
- b) Defined benefit plans - plan assets

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(iii) Functional and presentation currencies:

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency') i.e., in Indian rupees (INR) and all values are rounded off to nearest lakhs except where otherwise indicated.

2.2 Use of estimates, judgements and assumptions :

(i) Critical estimates and assumptions

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported

amounts of revenues and expenses during the period. The management believes that the application of accounting policies require critical accounting estimates involving complex and subjective judgments and the use of assumptions. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in the current and future period.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgement is included in the relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

(ii) Judgements

In the process of applying the Company's accounting policies, management has made judgements, which have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year.

The areas involving critical estimates and judgements are:

Estimation of Defined benefit obligation - refer note 2.4(ii)

Fair value of financial instruments - refer note 2.15

Effective Interest Rate (EIR) - refer note 2.3

Impairment on financial assets - refer note 2.16

Provision for tax expenses - refer note 2.4(iii)

Business model assessment - refer note below

Business model assessment

Classification and measurement of financial assets depends on the results of business model and the solely payments of principal and interest ("SPPI") test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change to the classification of those assets.

2.3 Revenue recognition

Interest income

Interest income is recognised using the Effective Interest Rate (EIR) method for all financial assets measured at amortised cost. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, to its gross carrying amount. The calculation of the effective interest rate includes transaction costs and transaction income that are directly attributable to the acquisition of a financial asset.

Income by way of additional interest on account of delayed payment by the customers is recognised on realisation basis, due to uncertainty in collection.

Other Revenue from Operations

Fee and commission income such as documentation charges, guarantee commission, servicer fee income that are not integral part of the effective interest rate on the financial asset are recognised as the performance obligations are performed.

Income in the nature of cheque bounce and other related charges are recognised on realisation basis, due to uncertainty in collection.

Dividends

Dividend income from investment is accounted for when the right to receive is established.

2.4 Expenses

(i) Finance costs

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed :

- a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee etc., provided these are incremental costs that are directly related to the issue of a financial liability.

(ii) Employee benefits

- a) Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.
- b) The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.
- c) Post-employment obligation:

The Company operates the following post-employment schemes:

- Defined benefit plans such as gratuity for its eligible employees
- Defined contribution plans such as provident fund.

(i) Defined benefit obligation:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

(ii) Provident fund:

Contributions to Provident Fund made to Regional Provident Fund Commissioner in respect of Employees' Provident Fund based on the statutory provisions are charged to Statement of Profit and Loss on accrual basis.

(iii) Taxes

(a) The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted on substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax provided in full on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

(b) Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the statement of profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

A deferred tax asset is recognised for unclaimed tax credits that are carried forward as deferred tax assets.

2.5 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits with maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in the balance sheet.

2.6 Property, Plant and Equipment

Items of property, plant & equipment are stated at cost of acquisition or construction

less accumulated depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All repairs and maintenance are charged to the statement of profit or loss during the reporting period in which they are incurred.

Transition to Ind-AS

On transition to Ind-AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April, 2018 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation is provided on straight-line basis over the estimated useful lives of the assets. Useful life estimated by the Company is in line with the useful life prescribed under Schedule II of the Companies Act, 2013.

The estimated useful lives are, as follows:

Building	- 60 years
Office Equipment	- 5 years
Computers	- 3 years
Furniture and Fixtures	- 10 years
Vehicles	- 6 to 10 years

Depreciation on property plant and equipment individually costing ₹ 5,000/- or less is provided 100% in the year of acquisition.

The cost of improvements made to rented property during the year and included under furniture and fixtures, is depreciated over the primary lease period.

An asset's carrying amount is written down immediately to its estimated recoverable amount, if the asset's carrying amount is greater than its estimated recoverable amount. Gain and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit or loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on fixed assets added / disposed off during the year is calculated on pro-rata basis with reference to the date of addition / disposal.

2.7 Intangible assets

Intangible assets include the value of Software. Intangible assets acquired are recorded at their acquisition cost and are amortised on straight line basis over its useful life.

The estimated useful lives are, as follows:

Computer Software - 6 years

Transition to Ind-AS

On transition to Ind-AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as at 1st April, 2018 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

2.8 Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate

the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

2.9 Borrowings

Borrowings are initially recognised at fair value, net of transaction cost incurred.

Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in profit or loss over the period of the borrowings, using the effective interest method. Fees paid on the established loan facilities are recognised as transaction cost of the loan, to the extent that it is probable that some or all the facility will be drawn down.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gain/(loss).

Finance charges are expensed in the period in which they are incurred.

2.10 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

General borrowing costs are capitalised at the weighted average of such borrowings outstanding during the year.

2.11 Earnings Per Share

The basic earnings per share is computed by dividing the net profit / (loss) attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the reporting period. The number of shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving earnings per share, and also the weighted average number of equity shares, which could have been issued on the conversion of all dilutive potential shares. In computing dilutive earnings per share, only potential equity shares that are dilutive and that reduce profit per share are included.

2.12 Impairment of non financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.13 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

2.14 Provisions, Contingent Liabilities and Contingent Assets:

A Provision is recognised when the Company has present obligation (legal or constructive) as a result of past events, for which it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation.

Contingent Liabilities are disclosed by way of notes to Financial Statements. Contingent assets are not recognised in the financial statements but are disclosed in the notes to the financial statements where an inflow of economic benefits is probable. Provisions and contingent liabilities are reviewed at each Balance Sheet date.

2.15 Fair value measurement

The Company measures financial instruments at fair value as per Ind AS 113 at each balance sheet date. All financial assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 — Inputs for the asset or liability that are not based on observable market data (Unobservable inputs).

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.16 Financial instruments

Financial assets

(i) Classification

The Company classifies its financial assets in the following categories, those to be measured subsequently at:

1. Fair value through other comprehensive income (FVOCI),
2. Fair value through profit or loss (FVTPL), and
3. Amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Business model assessment

The Company makes an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management.

Assessment of whether contractual cash flows are solely payments of principal and interest

For the purpose of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as profit margin.

In assessing whether the contractual cash flows are SPPI, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Company changes its business model for managing financial assets.

Financial liabilities

The Company classifies its financial liabilities as measured at amortised cost or fair value through profit or loss.

(ii) Measurement

At initial recognition, the Company measures a financial assets that are not at fair value through profit or loss at its fair value plus / (minus), transaction costs / origination, Income that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial Assets :

Subsequent measurement of financial assets depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into following categories:

(1) Amortised cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in revenue from operations using the effective interest rate method.

(2) Fair value through other comprehensive Income:

Assets that are held for collection of contractual cash flows and for sale and the contractual term of the financial assets give rise on specified dates to cash flows that are solely for the payment of principal and interest thereon.

(3) Fair value through profit or loss:

Assets that do not meet the criteria for amortised cost or Fair Value through Other Comprehensive Income (FVOCI) are measured at fair value through profit or loss.

Equity instruments:

The Company measures its equity investment at fair value through Other Comprehensive Income. However where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income (Currently no such choice made), there is no subsequent reclassification, on sale or otherwise, of fair value gains and losses to the Statement of profit or loss.

Financial liabilities

Financial liabilities are carried at amortised cost using effective interest rate method

(iii) Impairment of financial assets

Overview of the ECL principles

The Company records allowance for expected credit losses for all loans. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss as below

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

- a) The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Company does the assessment of significant increase in credit risk at a borrower level.

Based on the above, the Company categorises its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The company classifies all standard advances and advances upto 30 days default under this category. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2.

Stage 2

All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. 30 Days Past Due is considered as significant increase in credit risk.

Stage 3

All exposures assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred are classified in this stage. For exposures that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount. 90 Days Past Due is considered as default for classifying a financial instrument as credit impaired. If an event (for eg. any natural calamity) warrants a provision higher than as mandated under ECL methodology, the Company may classify the financial asset in Stage 3 accordingly.

The mechanics of ECL:

The Company calculates ECLs based on probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to the Company in accordance with the contract and the cash flows that the Company expects to receive.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

Exposure at Default(EAD) - The Exposure at Default is an estimate of the exposure at a future default date.

Loss Given Default (LGD) - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the Company would expect to receive, including from the realisation of any collateral.

The Company categorises loan assets into stages based on the Days Past Due status:

Stage	Past due	ECL
Stage 1	30 Days Past Due	12-Month ECL
Stage 2	31-90 Days Past Due	Life-time ECL
Stage 3	More than 90 Days Past Due	Life-time ECL

Measurement of ECL

ECL are a probability-weighted estimate of credit losses. They are measured as follows:

- financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive);
- financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows.

Collateral repossessed

In its normal course of business whenever default occurs, the Company may take possession of properties or other assets in its retail portfolio and generally disposes such assets through auction, to settle outstanding debt. As a result of this practice, assets under legal repossession processes are recorded on the balance sheet.

(iv) Write-off

Loans are written off when there is no reasonable expectation of recovering in its entirety or a portion thereof. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. This assessment is carried out at the individual asset level.

Financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(V) De-recognition of financial assets and financial liabilities:

A financial asset is derecognised only when:

The Company has transferred the contractual rights to receive cash flows from the financial asset or the Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised, if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in profit or loss except for the financial instrument that has been classified as fair value through other comprehensive income that will not be reclassified to profit or loss in subsequent periods.

A financial liability is derecognised when its contractual obligations are discharged or cancelled, or expires.

(VI) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.17 Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.18 Note on First Time Adoption of Ind AS:

A. Exemptions and exceptions availed

In preparing the first Ind AS financial statements in accordance with Ind AS 101 First-time adoption of Indian Accounting Standards, the Company has applied the relevant mandatory exceptions and certain optional exemptions from full retrospective application of Ind AS.

B. Ind AS optional exemptions

B1 Deemed cost

"Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. The exemption can also be used for intangible assets covered by Ind AS 38."Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value."

C. Ind AS mandatory exceptions

C1 Accounting estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1st April, 2018 are consistent with the estimates as at the same date made in conformity with previous GAAP.

The Company made estimates for the impairment of financial assets based on the expected credit loss model in accordance with Ind AS at the date of transition as these were not required under previous GAAP.

C2 Classification and measurements of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

The Company's management had previously issued its audited financial results for the year ended March 31, 2019 on May 30, 2019, that were all prepared in accordance with the recognition and measurement principles of the Companies (Accounting Standards) Rules, 2006 prescribed under Section 133 of the Companies Act, 2013, read with the relevant rules issued thereunder and other accounting principles generally accepted in India. The Company's management has now prepared the Ind AS Financial Statements for the year ended March 31, 2020 in accordance with the recognition and measurement principles laid down by the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with relevant Rules issued thereunder and other accounting principles generally accepted in India.

The Company has prepared a reconciliation of the amounts of net profit as reported under the Indian GAAP to those computed as per Ind AS and the same is given in note below. The Company has also prepared a reconciliation of the amounts of total equity as reported under the Indian GAAP to those computed as per Ind AS and the same is given in note below.

2.19 Reconciliations between previous GAAP and Ind AS

The following reconciliations provide the explanations and quantification of the differences arising

from the transition from Indian GAAP to Ind AS in accordance with Ind AS 101

I. Reconciliation of Equity as at March 31, 2019 and April 01, 2018

II. Reconciliation of Statement of profit or loss for the year ended 31st March, 2019

Previous GAAP figures have been reclassified/regrouped wherever necessary to conform with financial statements prepared under Ind AS.

Notes to the reconciliations:**A) Amortisation of upfront income and expense over the loan period**

Ind AS 109 requires upfront processing fees earned and transaction costs incurred towards origination of loan receivable to be deducted/added to the carrying amount of loans receivable on initial recognition. These income/costs are recognised in the profit or loss over the tenure of the loans as part of the interest income by applying the effective interest rate method.

Under the previous GAAP, upfront income and expense were recognised as and when it is received or expensed. Under Ind AS, all items of income and expense are adjusted against the loans receivables and are amortised over the period of the loan.

Accordingly, loans receivable as at March 31, 2019 have been reduced by ₹ 13.59 (April 01, 2018 – ₹ 5.23) with a corresponding adjustment in statement of profit & loss to the extent of ₹ 8.36 for the period ended March 31, 2019. The total equity decreased by an equivalent amount.

B) Impairment under Expected Credit Loss model

Company was providing for provision for bad and doubtful debts as per RBI norms and in addition to that was making incremental provision for loans that were due for more than 90 days.

Under Ind AS, impairment is computed using the expected credit loss model. Consequently, provisions increased by ₹ 48.37 for March 31, 2019 (April 01, 2018 - ₹ 1.52), compared to Company norms, loans receivables decreased by ₹ 48.37 for March 31, 2019 (April 01, 2018 - ₹ 1.52) and consequently the comprehensive income for the period has decreased by ₹ 42.66 for the year ended March 31, 2019.

C) Remeasurements of post-employment benefit obligations

Under Ind AS 19, Employee benefits, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss. Under the previous GAAP, these remeasurements were forming part of the statement of profit and loss for the year. Consequently, the profit for the year ended March 31, 2019 increased by ₹ 10.99 and corresponding decrease in Other Comprehensive Income along with deferred tax effect by ₹ 7.94.

D) Deferred tax

Deferred tax have been recognised on the adjustments made on transition to Ind AS.

E) Fair valuation of equity instruments

Under Indian GAAP, the Company accounted for investments in quoted equity shares as investment measured at cost. Under Ind AS, the Company has classified such investments as FVTOCI. At the date of transition to Ind AS, difference between the fair value of the investments and Indian GAAP carrying amount has been recognised as an adjustment to the other comprehensive income (Net of tax).

F) Other comprehensive income:

Under Indian GAAP, the Company has not presented other comprehensive income (OCI) separately. Hence, it has reconciled Indian GAAP profit or loss to profit or loss as per Ind AS. Further, Indian GAAP profit or loss is reconciled to total comprehensive income as per Ind AS.

2.20 Application of New Accounting Pronouncements

The Company has applied following new accounting standards that were issued and were effective during the year. The effect of these accounting standards is described below:

1. Leases

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably

certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contracts.

2. Ind AS 12 – Income Taxes – Appendix C, Uncertainty over Income Tax Treatments:-

The amendment to Appendix C of Ind AS 12 specifies that the amendment is to be applied to the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit/loss, tax bases, unused tax losses, unused tax credits and tax rates. The standard permits two possible methods of transition – i) Full retrospective approach – Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and ii) Retrospectively with cumulative effect of initially applying Appendix C recognised by adjusting equity on initial application, without adjusting comparatives. The standard became effective from April 01, 2019. The Company has adopted the standard on April 01, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 01, 2019 if any without adjusting comparatives. The effect on adoption of Ind AS 12 Appendix C is insignificant in the financial statements.

3. Amendment to Ind AS 12 – Income taxes

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The adoption of the standard did not have any material impact to the financial statements. It is relevant to note that the amendment does not amend situations where the entity pays a tax on dividend which is effectively a portion of dividends paid to taxation authorities on behalf of shareholders. Such amount paid or payable to taxation authorities continues to be charged to equity as part of dividend in accordance with Ind AS 12.

4. Amendment to Ind AS 19 – Employee benefit

plan amendment, curtailment or settlement The amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. The adoption of the standard did not have any material impact to the financial statements.

2.21 Standard Issued but not yet effective

As at the date of issue of financial statements, there are no new standards or amendments which have been notified by the MCA but not yet adopted by the Company. Hence, the disclosure is not applicable.

Statutory reserve under section 45IC of RBI Act, 1934

According to section 45IC of RBI Act, 1934, the company transfers a sum not less than 20% of its net profit every year as disclosed in the statement of profit and loss and before declaration of any dividend to statutory reserves

General reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

Net surplus in the statement of Profit and loss

Surplus in the statement of profit and loss is accumulated available profit of the company carried forward from earlier years. These reserves are free reserves which can be utilised for any purpose as may be required.

(i) Fair value Hierarchy

Ind AS 113, 'Fair Value Measurement' requires classification of the valuation method of financial instruments measured at fair value in the Statement of Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to un-observable inputs (Level 3 re-measurements). Fair value of derivative financial assets and liabilities are estimated by discounting expected future contractual cash flows using prevailing market interest rate curves. The three levels of the fair-value-hierarchy under Ind AS 113 are described below:

- Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes publicly traded derivatives and mutual funds that have a quoted price. The quoted market price used for financial assets held by the Company is the current bid price.
- Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of the equity instruments is determined based on the quoted price as majority of the equity instruments are actively traded on stock exchanges
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis

All of the resulting fair value estimates are included in level 3 where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

(iii) Valuation process

Discount rates are determined using a market interest rate for a similar asset adjusted to the risk specific to the asset.

(iv) Comparison of Fair value and Carrying Value

Note 33 Financial risk management

A. Management of Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due.

The Company is monitoring its liquidity risk by estimating the future inflows and outflows during the start of the year and planned accordingly the funding requirement. The Company manages its liquidity by unutilised cash credit facility and term loans.

The composition of the Company's liability mix ensures healthy asset liability maturity pattern and well diverse resource mix.

Capital adequacy ratio of the Company, as on 31 March 2020 is 61.29% against regulatory norms of 15%.

The total cash credit limit available to the Company is ` 1500 lakhs . The utilization level is maintained in such a way that ensures sufficient liquidity on hand.

The following table shows the maturity analysis of the company's financial liabilities based on the contractually agreed undiscounted cash flows along with its carrying value as at the Balance sheet date.

B. Management of Market Risk

The company's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

- Foreign Currency risk
- Equity risk
- Interest rate risk

The above risks may affect the company's income and expenses, or the value of its financial instruments. The company's exposure to and management of these risks are explained below:

(i) Foreign Currency risk

The company does not have any instrument denominated or traded in foreign currency. Hence, such risk does not affect the company.

(ii) Price Risk

The Company's exposure to equity securities price risk arises from investments held by the Company and classified in the balance sheet at fair value through other comprehensive income. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.

Sensitivity Analysis

The table below summarizes the impact of increases/decreases of the BSE index on the Company's equity and Gain/Loss for the period. The analysis is based on the assumption that the index has increased by 5 % or decreased by 5 % with all other variables held constant, and that all the Company's equity instruments moved in line with the index.

A change of 5% in market index would have following Impact on profit before tax

(Rs. In Lakhs)

Particulars	For the year ended 31st March, 2020	For the year ended 31st March, 2019
BSE Index 100 - Increase by 5%	1.18	2.10
BSE Index 100 - Decrease by 5%	(1.18)	(2.10)

The above referred sensitivity pertains to quoted equity investments. Profit for the year would increase/decrease as a result of gains/losses on equity securities as at Fair Value through other comprehensive income (FVTOCI).

(iii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

According to the Company interest rate risk exposure is only for floating rate borrowings. For floating rate liabilities, the analysis is prepared assuming that the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Exposure to interest rate risk

Interest rate sensitivity

A change of 50 bps in interest rates would have following Impact on profit before tax

(Rs. In Lakhs)

Particulars	For the year ended 31st March, 2020	For the year ended 31st March, 2019
50 bp decrease would increase the profit before tax by	(13.39)	(12.62)
50 bp increase would decrease the profit before tax by	13.39	12.62

C Management of Credit Risk

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The exposure is continuously monitored to determine significant increase in credit risk. The Company monitors the credit assessment on a portfolio basis, assesses all credit exposures in excess of designated limits. The Company does a risk grading based upon the credit worthiness of the borrowers. All these factors are taken into consideration for computation of ECL.

Other Financial Assets

Credit risk with respect to other financial assets are extremely low. Based on the credit assessment, the historical trend of low default is expected to continue. No provision for Expected Credit Loss (ECL) has been created for Other financial Assets.

Loans

The following table sets out information about credit quality of loan assets measured at amortised cost based on Number of Days past due information. The amount represents gross carrying amount.

(Rs. In Lakhs)

Particulars	As at March 31, 2020	As at March 31, 2019	As at April 1, 2018
Gross carrying value of loans			
Stage 1 (0-30 Days)	1,993.54	1,939.48	1,930.47
Stage 2 (31-90 Days)	2,978.07	3,130.99	3,039.60
Stage 3 (More than 90 Days)	1,644.85	1,680.26	1,497.16
Total	6,616.46	6,750.73	6,467.23

Credit Quality

Financial services business has a comprehensive framework for monitoring credit quality of its loans based on days past due monitoring. Repayment by individual customers and portfolio is tracked regularly and required steps for recovery is taken through follow-ups and legal recourse.

Inputs considered in the ECL model

In assessing the impairment of loans assets under ECL model, the loan assets have been segmented into three stages.

The three stages reflect the general pattern of credit deterioration of a financial instrument. The differences in accounting between stages relate to the recognition of expected credit losses and the calculation and presentation of interest revenue.

The Company categorises loan assets into stages based on the Days Past Due status:

- Stage 1: 30 Days Past Due
- Stage 2: 31-90 Days Past Due
- Stage 3: More than 90 Days Past Due

Assumptions considered in the ECL model

The financial services business has made the following assumptions in the ECL Model:

- "Loss given default" (LGD) is common for all three stages and is based on loss in past portfolio. Actual cash flows are discounted with average rate for arriving loss rate. EIR has been taken as discount rate for all loans.

Estimation Technique

The financial services business has applied the following estimation technique in its ECL model :

- "Probability of default" (PD) is applied on Stage 1 and Stage 2 on portfolio basis and for Stage 3 PD is 100%.
- Probability of default for Stage 1 loan assets is calculated as average of historical trend from Stage 1 to Stage 3 in next 12 months.
- Probability of default for Stage 2 loan assets is calculated based on the lifetime PD as average of historical trend from Stage 2 to Stage 3 for the remaining tenor.

There is no change in estimation techniques or significant assumptions during the reporting period.

Assessment of significant increase in credit risk

When determining whether the risk of default has increased significantly since initial recognition, the financial services business considers both quantitative and qualitative information and analysis based on the business historical experience, including forward-looking information. The financial services business considers reasonable and supportable information that is relevant and available without undue cost and effort.

The financial services business uses the number of days past due to classify a financial instrument

in low credit risk category and to determine significant increase in credit risk in loans. As a backstop, the financial services business considers that a significant increase in credit risk occurs no later than when an asset is more than 30 days past due.

Definition of default

The definition of default used for internal credit risk management purposes is based on RBI Guidelines. Under Ind AS, financial asset to be in default when it is more than 90 days past due. The financial services business considers a financial asset under default as 'credit impaired'.

Note 34 Dues to Micro, Small and Medium Enterprises

Based on the information available with the company there are no suppliers who are registered under the Micro, Small and Medium Enterprises Development Act, 2006 as at March 31, 2020. Hence, the disclosure required under this Act has not been given.

Note 35 Pursuant to para 2 of general instructions for preparation of financial statements of a NBFC as mentioned in Division III of Schedule III of The Companies Act, 2013, the current and non-current classification has not been provided.

Note 36 Segment Reporting

The Company is primarily engaged in one business segment viz. Finance service, as determined by the chief decision maker in accordance with Ind AS 108, Operating Segments. The Board of Directors has been identified as Chief operating decision maker (CODM), CODM of the Company evaluates the Company performance, allocates resources based on the analysis of various performance indicators of the Company as a single unit. Therefore, there is no separate reportable segment for the Company.

Note 37 The Board has recommended dividend @ 10% p.a. amounting to Rs. 34.5 Lakhs (Rs.1 per share) on equity share capital of the Company, subject to approval of shareholders in the Annual General Meeting.

Note 38 In the terms of the COVID-19 Regulatory package of the RBI, vide guidelines dated 27th March 2020, 17th April 2020 and 23rd May 2020, and in accordance with the Scheme approved by the Company's Board of Directors (the "Board"), the Company has offered to all eligible borrowers, moratorium of six months on the payment of all loans instalments falling due between 1st March, 2020 and 31st August, 2020. In this connection, having regard to the guidance provided by the RBI and the Institute of Chartered Accountants of India, extension of such moratorium benefit to borrowers as per the COVID-19 Regulatory Package of the RBI by itself is not considered to result in significant increase in credit risk as per Ind AS 109. Further, estimates and associated assumptions applied in preparing the financial statements, especially in respect of expected credit loss on loans, are based on historical experience and other emerging/forward looking factors including those arising on account of the COVID-19 pandemic.

The Company, inter alia, has used relevant indicators of moratorium along with an estimation of potential stress on probability of defaults and loss given defaults due to COVID-19 situation in developing the estimates and assumptions to assess the expected credit loss on loans, including on account of potential macro-economic conditions and has incrementally provided for an expected credit loss of Rs. 88.65 lakh for the year ended 31st March 2020. However, considering the inherent uncertainty regarding the severity and duration of the pandemic and the resultant economic impact, the Company's actual impairment loss could be different from these estimates.

The extent to which the COVID-19 pandemic will impact the Company's financial statements will depend on future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID-19 pandemic and any action to contain its spread or mitigate its impact whether government-mandated or elected by the Company. Given the uncertainty over the potential macroeconomic condition, the impact of COVID-19 pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.
